

## **Mimosa Primary School P&C**

### **Band Committee – August 2019**

### **Report**

- It's been a busy start to term. We held an intensive training day on the Teacher development day at the school for all concert bands. This was the second intensive day for Training Band this year. We created combined intensive day for Intermediate and Senior bands as a Tour Band group. This allowed them to work together on some pieces for the Band Tour in term 4. It was a successful day despite a lot of families still away on holidays and last minute illness effecting students and parent volunteers.
- Bands successfully performed at the Australian School Band and Orchestra Festival and UNSW. Training Band received a gold for their performances and Intermediate and Senior Band were both awarded a silver.
- All bands performed at the Mimosa Grandparents Day. It was a very successful day with positive feedback from parents and some grandparents. Thanks to the school for re-considering how the bands are presented at open day. The bands had an opportunity to perform throughout the open day festivities rather than at the end of the day which worked really well.
- Request for 2<sup>nd</sup> half band fees have gone out to families.
