

RESULTS FROM THE P&C SURVEY

The Mimosa P&C would like to thank all those who took part in our fundraising survey that was sent out late 2018 and again at the beginning of this year.

Of our 367 families, 84 people responded, which is not bad.....although we'd love to hear from everyone if we could ☺

WHAT MATTERS TO YOU

Whilst we all have our own interests and priorities, there was some general consensus in terms of where you would like to see the P&C put our efforts.

As well as the three vital services we run, *Canteen, Uniform Shop & Band*, your priorities for our focus are:

- 🌻 Classroom resources & technology
- 🌻 Improving school facilities
- 🌻 Improving educational outcomes
- 🌻 Improving social skills & student well-being
- 🌻 Providing support to teachers

Of particular interest to many of you were:

- 🌻 Development of a school veggie garden
- 🌻 Development of STEM & technology skills for Teachers and Students

In collaboration with the school, we have discussed how to address your priorities and make the most of funds and resources this year, ensuring we are aligned with the needs of the school and community interest.

Our Wish List for 2019, based on community priorities and in partnership with the school is as follows:

1. **Improving School Facilities** – shade sail and guided reading tables
2. **Professional Development** – 'Code to Make' workshops for students and staff
3. **Environmental Initiatives** – Mimosa kitchen garden program

HOW DO WE MAKE THIS HAPPEN

As most of you know Mimosa has an excellent track record of raising funds to support our school through a host of different P&C events and initiatives.

The P&C is working hard to ensure we have the right balance of great social events that help to raise money, as well as some less volunteer intensive fundraising initiatives. You provided some great ideas that we can draw upon to diversify our fundraising efforts. We are already exploring ways for those people who can't volunteer to help in other ways.

STAY TUNED

We're working on a plan and will share the Services, Social Events and School Development & Funding programs that we hope to get off the ground.
